THE EYES OF BAYONETTA 2

The Legend of Aesir

A legend from the dawn of time
Nobody knows where the world came from.
A struggle caused the Trinity of Realities
to be split into three realms:

Light, Darkness, and Chaos
Obviously, our world was the one born from chaos.

The three worlds all needed rulers
Most of all, ours.

And the one that ruled the chaos became
known as Aesir

Aesir spent the first eternity quietly looking upon the
earth from his holy mountain.

Where we only see reality and
make it match our rules of the world.
Aesir saw through reality,
and those visions became our world.
These observations became Aesir's power.

Aesir's eyes were truly the eyes
that created the world.

However, Aesir pitied the humans
for their naivety and lack of free will,
so the power he wielded was split into two equal
halves and entrusted each to humanity's instincts

The Right Eye of Light, and The Left Eye of Darkness.

By dividing the power of the eyes of Aesir,
humans gained free will...
They could now choose.

With control of the Eyes of the World,
the eyes that determine destiny,
humans could choose their own paths.
They awoke to their own identities.

Man is but a reed, the most feeble thing in nature,
but now we were thinking reeds, and we took our first
big step towards grand prosperity

The inheritors of the eyes of Aesir had been granted
the power of creation

THE EYES OF BAYONETTA 2

Characters

Bayonetta and Friends

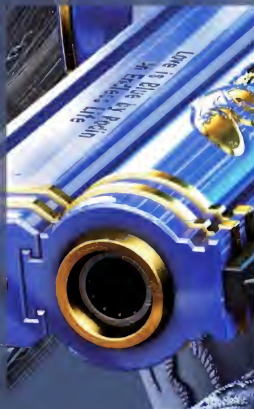

Bayonetta

Voice Actors
Atsuko Tanaka (JP)
Hailana Taylor (EN)

A witch who traveled 500 years from the past, the inheritor of the Left Eye of Darkness. Born from the forbidden union of an Umbra Witch and Lumen Sage, she possesses immense magical power. There is a cruel beauty to how she moves in battle, and all who witness her are left in both awe and fear.

Bayonetta is a master of the Bullet Arts style of combat, using melee attacks along with the four guns equipped on her arms and legs. With her Wicked Weave attacks, she can manipulate her hair to summon Infernal Demons that devour her enemies.

Jeanne

Voice Actors
Mie Sonozaki (JA)
Grey DeLisle (EN)

An Umbra Witch who survived the Witch Hunts of 500 years ago along with Bayonetta. She rivals Bayonetta in magic power, and displays incredible proficiency in Bullet Arts with her jet black All 4 One guns.

Jeanne attempts to take on a group of angels who suddenly attack the city, but is dragged to the depths of Inferno after protecting Bayonetta from a fatal blow. Only a short time remains until her soul is lost for eternity... the one hope for her rescue is finding the real Gates of Hell, said to exist somewhere in this world.

Loki

Voice Actors
Junko Minagawa (Ja.)
Mark Daugherty (En.)

A mysterious youth Beyonetta encounters in Nostalun. Loki is able to travel between our world and Purgatorio, an alternate dimension normally imperceptible to humans. His weapon is similar to a set of cards, and he seems to be able to hold his own against the angels of Paradiso.

He joins Beyonetta saying he desperately needs to make his way to the sacred mountain Fimbulventr, but his reason for going there is unclear. Loki's power to control time and space appears to be different from any abilities the eeges and witchae possess.

Masked Lumen

Voice Actors
Takehito Koyasu (L)
Crispin Freeman (R)

A masked man whose frequent run-ins with Bayonetta seem more than just coincidence. With magic on par with the dark arts and the ability to summon Laguna at his will, he is far more powerful than a typical human, but who he is remains unknown.

His white robes suggest that he is a Lumen, one of the two ancient tribes who shared the role of Observers of the world, along with the Umbra Witches. If this is proven to be the case, he could be deadlier than imagined.

Rodin

Voice Actors
Tessyo Genda [Ja.]
Dave Fennoy [En.]

Owner of the Gates of Hell, a bar in the city's back alleys, frequented by its least trustworthy citizens. Rodin's stature can be intimidating, but he is typically cool and calm in nature. His eyes, always hidden behind shades, shine with a frozen intensity; one glance can be enough to cause even the most enraged demons to ball up in fear.

Besides smuggling various items for his more favored customers, Rodin is known to make weapons with a power unseen anywhere else on Earth. He has earned the name Demonsmith, but his true identity is known by no one.

Versed in all matters of Inferno and Perdition, many who are troubled in otherworldly problems often come to seek his counsel.

Luka

Voice Actors
Daisuke Namikawa (JA)
Yuri Lowenthal (EN)

A freelance journalist driven by his passion for the truth, Luka will travel to the ends of the world for a story, always uninvited. Resolving his past differences with Bayonetta, the two now admit they work well together... at least, that's what Luka would like to believe.

Still swinging around on his hookshot, acting like more of an action hero than a reporter, his unbelievable luck to get through any situation continues to dumbfound Bayonetta.

Luka has just arrived to Nostalgia, hoping to uncover the true past of the Umbra Witches and Lumen Sages, but he may not realize the gravity of what awaits.

Enzo

Voice Actors
 Wataru Takagi (Ja.)
 John Kassir (En.)

His ears are sharp enough to pick up on a rumor from a 100 miles away, his nose leads him to wherever he might make a buck. Enzo deals in information on the black market, and where he goes, trouble will inevitably follow. When he sets his sights on something, nothing in all of Paradiso or Inferno will stop him until he has it in his hands.

Enzo is known to come across information even Bayonette or Rodin can't figure the source of, often arriving at the destination well before they do. Sometimes, he even acquires information so valuable it could determine the fate of the entire world... but Enzo doesn't actually realize that himself.

Rosa

Voice Actors
Atsuko Tanaka (JA)
Heliene Taylor (EN)

A witch Bayonette encounters after traveling to the Vigrid of 500 years past, the peak of Umbran civilization. Rosa possesses a skill in the Umbran Arts so powerful it cannot be suppressed by the chains meant to contain it. Wielding four heavy-barrel revolvers, she effortlessly guns down the armies of Paradiso, exhibiting a fighting technique that far surpasses the other witches of her clan, and leaves even Bayonette speechless.

The shackles she wears are to mark her as a traitor to the Umbran Way. Her true identity is Bayonette's mother, the Umbral Witch who was cast into eternal exile for committing an act that could never be forgiven by her people.

Prophet

Voice Actors
Takumi Yamazaki (ja)
TJ Ramin (en)

A mysterious figure lurking about the shadows covering Noctun. Remaining hidden from the public, the Prophet seems to keep watch over Bayonetta's movements, but his reasons for doing so are unknown. Being in correspondence with Paradiso and cooperating with the Masked Lumen, he appears to be someone confident and of considerable power.

Draped in a celestial robe, his movements are both firm and graceful, seeming neither completely of woman or man. His gaze leaves nothing unnoticed; with a single glimpse into his eyes, one can perceive his immeasurable strength.

Theme Of Bayonetta 2 Tomorrow Is Mine

Lyrics : Beteis Lerkin
Composition : Hiroshi Yamaguchi
Vocals : Keeley Bumford
Vocal Production : Ferry Corsten

(Tomorrow Is Mine)

You awoke me (Fight fire)
Unleashed the fire in my heart (With fire)
I will dance and I'll defeat them (My flame's)
Through the light and the dark (More bright)
Your mistake was to (The moon)
Underestimate my power (Is my fuel)
Won't let go of the fight (Get lost)
Till tomorrow's mine (In my tide)
I will ignite
Dancing through the fire around me
I'll never stop
You better hide
Now I'm in the mood for a fight
(Better watch out here I come)

You won't know what hit you
When I spin around
Leave you in my dust
Then bang bang
Down down again
It's my desire
Going for the win
Tomorrow is mine

You better run (Better run)
Don't wait here I come no (Grab your gun... Fire)
The fuel in my fire won't run dry (Endless supply)
It burns bright
And you better hide (Take a hike)
I come for a fight yeah (Truth you'll find is)
